

2018 Technical Training Classroom

Governor's Coordinating Offices
100 Community Place
1st Floor Conference Room
Crownsville, MD 21032

Outreach to the small business community is a major function of the **Governor's Office of Small, Minority & Women Business Affairs**. Our focus is two-fold:

(1) building awareness for the Small Business Reserve (SBR) and Minority Business Enterprise (MBE) programs, and (2) connecting small businesses, including those owned by minorities and women, to greater economic opportunities.

Last year we launched the Technical Training Classroom series. These small group sessions allow us to "get into the weeds" on topics that help small business owners improve managerial efficiency and gain an insightful understanding of the state's procurement process.

Maryland is OPEN for Business and we're excited to make the Technical Training Classroom series a permanent component of our 2018 outreach program.

All sessions are held on the 4th Tuesday of each month at the Governor's Coordinating Offices in Crownsville, Maryland. Registration and parking are **FREE**.
