- MBE Program Best Practices

MBE Program

Created to ensure that socially and economically disadvantaged small business owners are included in the State's procurement and contracting opportunities.

IMPORTANT

The program's existence can help equalize the effects of both explicit discrimination and implicit bias.

MBE PROGRAM

While the program is meant to level the playing field, caused by explicit discrimination, it can also help minority and women business owners overcome the effects of implicit bias.

Implicit Bias

May be more indirect, not as openly expressed or aggressive.

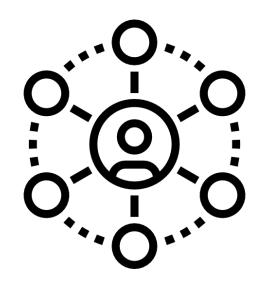

Prime contractors need to ensure they avoid expressing both explicit and implicit bias while operating in state procurement to follow MBE law and reduce risks and legal issues.

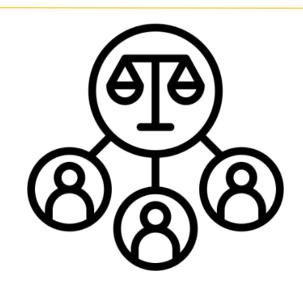

Implement
Maryland's 3
socioeconomic
procurement
programs across
70+ agencies and
departments

Connect small,
minority, women,
& veteran
business owners
to opportunities
in the state
contracting arena

Conduct free small business webinars, hosts stakeholder engagement events, and participates in outreach programs statewide

Work with MBEs to address issues that may arise during contract performance through the MBE Ombudsman unit

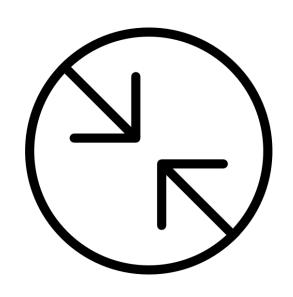

Curate online
resources at the
federal, state, and
local levels for
small business
growth and
development

The MBE Ombudsman Unit

Serves as an internal resource across the 70+ agencies and departments engaged in the MBE Program

Serves as an external resource to certified MBEs, prime contractors, legislators, and stakeholder organizations

Enforces compliance during contract performance to maximize implementation of the MBE Program

The MBE Program is governed by:

Subcontractor vs Prime Contractor?

- Maryland awards procurement contracts
 - Directly to prime contractors
- This means that the State's only legal contractual relationship is with the prime contractor and NOT the subcontractor

Subcontractor vs Prime Contractor?

- The Subcontractor only has a legal relationship with the prime contractor, not the state
- Payment to the subcontractor will come from the prime contractor, not the state

MBE COMPLIANCE

- As a part of the compliance process for the MBE program, Prime contractors should monitor, facilitate, and ensure compliance to MBE Program Laws, Regulations, Guidelines, Policies, and Objectives at both the state and agency levels.
- Both Prime Contractors and State personnel are responsible for the proper treatment of Small, Minority & Women business owners while operating on state funded contracts. Specifically, state-certified MBE businesses.

• This includes a commitment to identifying and acting on both compliance lapses and fraud.

MBE COMPLIANCE

- When working through compliance lapses, there is a chain of command.
 - 1. MBEs should work through all issues with the Prime contractor first
 - 2. If Prime contractors are unable or do not work through issues with prime contractors, they may contact the agency contract owner through the MBE liaison or contract monitor/manager
 - 3. If the prime and agency are unable or do not resolve the issue, MBEs may proceed to contact the MBE Ombudsman unit to help resolve issues
- Unlike working with a regular subcontractor, working with an MBE subcontractor at any level requires adherence to the additional MBE rules and regulations.

MBE COMPLIANCE

- Whose is put in place to carry out compliance?
 - –Contract Monitors
 - –Contract Managers
 - -Compliance Officers
 - –Project Managers
 - –Procurement Officers
 - –Fair Practice Office
 - -MBE Liaison Officers
 - –DEI Offices

Frequent Partners in Compliance include:

- Finance/Budget Office
- Procurement Unit Head
- Procurement Director
- Agency Assistant Attorney General (AAG)
- MBE Ombudsman

MBE Liaison COMAR 21.11.03.05

The head of each procurement agency shall designate an employee to serve as a liaison officer in the administration of that agency's MBE program.

- Liaisons Role:
 - Reports directly to a Secretary, Deputy Secretary, or head of a procurement agency
 - Coordinate agency outreach efforts
 - Participation in the Procurement Review Group (Goal Setting Process)
 - Review's agency contracting procedures to ensure compliance with COMAR (this includes review of appropriate solicitation documents & forms during the solicitation prep, bidding, award and contract compliance processes)
 - Assists in the resolution of contracting issues
 - Submits required reports or information as required in COMAR

The Beginning - Procurement Review Group (PRG)

- √ There is at least one or more standing procurement review group(PRG)
 within every unit.
- ✓ The PRG is comprised of:
 - ✓ A unit's chief procurement official or designee
 - ✓ MBE Liaison Officers (and other liaison officers) or designee
 - ✓ A unit's legal counsel to provide support and advice, as necessary
- ✓ Evaluation of solicitations, setting MBE & VSBE goals, and designating contracts as small business reserve occurs on a case-by-case basis.

Overall MBE Goal vs. Subgoals

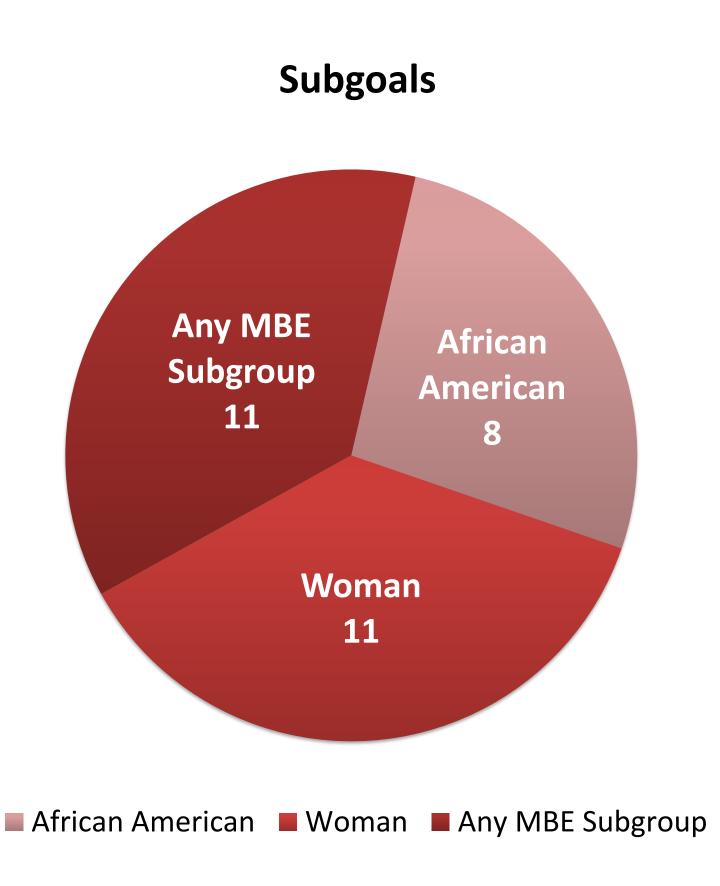

✓ Subgoals are the means by which we further diversify the firms that our Prime Contractors use to fulfill the Stated MBE Goal on a procurement.

In 2011, the State became concerned that Prime Contractors would continue to use the same firms (or even worse, the most overrepresented firms in each industry category to fulfill the MBE requirements on a contract).

COUNTING OF MBE PARTICIPATION

- Firms who are certified as both a woman-owned firm and a member of a subgroup (Asian American, African American, etc.) can count under both classifications.
- This allows the work of a certified woman-owned MBE, who is also a member of an ethnic group, to possibly be counted for more than one subgoal on a contract.

MBE Program Vendor Verification

✓ Prime contractors must utilize ONLY state certified MBE firms to fulfill MBE goals on contracts

MD0T Certified Firms

The Office of Minority Business Enterprise (OMBE), part of the Department of Transportation, is the agency designated to certify, recertify, and decertify MBEs

The Department of Transportation publishes and maintains the electronic Central Directory of Certified MBEs available to the general public through the internet.

MDOT Directory:

- **NOGRADUATED FIRMS**

☐ NO PARTIALLY GRADUATED NAICS CODES

MBE FORMS

✓ Vet MBE firms for inclusion in bid response

This includes getting quotes, assessing the skills of the subcontractors, and getting the MBE firm's permission to be included in the bid response.

During the bidding process:

Prime contractors will need to fill out an MBE Utilization and Fair Solicitation Affidavit & Participation Schedule (D-1A) for the MBE firms they have vetted and will use to fulfill the MBE goal.

MBE FORMS

SECTION B: For all Contractors (including MBE Primes and MBE Primes in a Joint Venture)

The MBE Participation Schedule is where Prime contractors will report all the MBE firms they will utilize to fulfill the MBE goal on a particular solicitation in Part 3 – Section B of the D-1A.

You would report items like percentage of the total contract value to be awarded to each subcontractor, description of work, work type, NAICS codes, Ethnicity, Cert #, and Firm name.

MBE Program Compliance – 60% Rule

COMAR 21.11.03.12-1

Form D-1A

Supplier, Wholesaler and/or Regular Dealer

Count 60% of award towards MBE goal

<u>Example:</u> MBE paint wholesaler buys the paint from the manufacturer then distributes it to the State.

This MBE subcontractor is awarded 10% of the contract.

The prime contractor may only count 60% of the total expenditure (6%) toward the MBE goal.

Furnish & Installer & Other Services

Count 100% of award towards MBE goal

<u>Example:</u> MBE paint wholesaler who is also doing the painting. Materials, supplies, and labor.

The MBE subcontractor is awarded 10% of the contract

The prime contractor may count the entire amount (10%) of the expenditure toward the MBE goal.

Manufacturers

Count 100% of award towards MBE goal

<u>Example:</u> MBE paint manufacturer makes and sells paint to the state.

This MBE subcontractor is awarded 20% of the contract.

The prime contractor may count the entire amount (20%) of the expenditure toward the MBE goal.

Broker (has no store or stock)

Count only reasonable fee/commission towards MBE goal

<u>Example:</u> MBE Paint Broker arranges the purchase and distribution of paint from the manufacturer to the State.

The MBE subcontractor is awarded 10% of the contract

The prime contractor may only count reasonable fees and transportation costs, not the cost of the product.

Identify those items of work that the Offeror made available to MBE Firms. This includes, where appropriate, those items the Offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the Offeror's responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of Proposal items identified during the goal setting process as possible items of work for performance by MBE Firms, the Offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the Offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.

Include the name of the MBE Firm solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the MBE provided a quote, and whether the MBE is being used to meet the MBE participation goal. MBE Firms used to meet the participation goal must be included on the MBE Participation Schedule. Note: If the procurement includes a list of the MBE Firms identified during the goal setting process as potentially available to perform the items of work, the Offeror should solicit all of those MBE Firms or explain why a specific MBE was not solicited. If the Offeror identifies additional MBE Firms who may be available to perform Identified Items of Work, those additional MBE Firms should also be included below. Copies of all written solicitations and documentation of follow-up calls to MBE Firms must be attached to this form. This list should be accompanied by a Minority Contractor Unavailability Certificate signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the Minority Contractor Unavailability Certificate (Attachment D-1B - Exhibit A). If the Offeror used a Non-MBE or is self-performing the identified items of work. Part 4 must be completed.

COMPLIANCE REGULATIONS - PAYMENT

COMAR 21.11.03.13 [Collection & Review of payment reports]

B (3) Submit monthly to the procurement agency a report listing payments made to each MBE subcontractor in the preceding 30 days and any unpaid invoices over 30 days old received from a certified MBE subcontractor, and the reason payment has not been made; and...

C. Upon determining that a contractor did not make good faith efforts to comply with contract MBE participation goals, the procurement agency shall notify the contractor in writing of its findings and shall specify what corrective actions are required. The contractor is required to initiate the corrective actions within 10 days and complete them within the time specified by the procurement agency.

• <u>COMAR 21.10.08</u> – Prompt Payment Requirements may intersect with MBE program compliance requirements when payment issues involve an MBE subcontractor.

COMPLIANCE VS FRAUD

- ☐ Compliance requirements:
 - ✓ Use of the MBEs listed at the time of bid/proposal
 - ✓ MBE Subcontractors must perform their items of work, independent from the prime contractor, with their own supervisor and employees
 - ✓ MBEs should not subcontract out a greater portion of their work without prior approval from the agency than what is industry standard
 - ✓ MBE must perform a commercially useful function "....For execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved; and (ii) With respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself."

REMEDIES TO NON-COMPLIANCE

COMAR 21.07.01 & 21.10.08

There are several tools at the agency level to handle compliance issues, at several phases:

- Letter of non-performance
- Corrective Action Plans
- Withholding Payment
- Liquidated Damages
- Contract Termination for Cause or Convenience

REMEDIES TO NON-COMPLIANCE

• COMAR 21.07.01.14

Liquidated Damages. Mandatory provision for:

- A. All contracts with certified MBE participation goals in accordance with COMAR 21.11.03.10E; and
- B. Any other contracts deemed appropriate by the procurement officer in consultation with the Office of the Attorney General.

REMEDIES TO NON-COMPLIANCE

COMAR 21.11.03.13

D. If a procurement agency determines that material noncompliance with MBE contract provisions exists and that the prime contractor refuses or fails to take the corrective action required by the procurement agency, then the following sanctions may be invoked:

- (1) Termination of the contract;
- (2) Referral to the Office of the Attorney General for appropriate action; or
- (3) Initiation of any other specific remedy identified by contract.

COMPLIANCE VS FRAUD

- •Fraud: "deceit, trickery, or breach of confidence for profit or to gain some unfair or dishonest advantage."
 - ✓ Using the MBE in name only (pass through)
 - ✓ Listing employees on certified payroll when actually paid by another company
 - ✓ Reporting work is being performed by MBE when another firm is actually doing the work

Alleged Fraud is handled by the Attorney General's Office and can also be reported to our office.
