## Small Business Reserve (SBR) Program

The SBR Program provides Certified Small Businesses (CSBs) with the opportunity to participate as prime contractors by establishing a unique marketplace where small businesses only compete against other small businesses instead of larger, more established, companies. Once a solicitation has been Designated as “SBR,” an award can only be made to a CSB.

An average of 20% of all open state-funded solicitations advertised on Maryland's online procurement platform, eMaryland Marketplace Advantage (eMMA) are Designated as SBR.

## Small Business Preference (SBP) Program

The SBP Program provides Certified Small Businesses (CSBs) with a designated price preference that may not exceed a base percentage preference of 5 % of the total contract value. A 2 % preference may be added to the base percentage preference for veteran-owned small businesses and a 3 % preference may be added to the base percentage preference for disabled-veteran-owned small businesses.

The procurement agency will accept the most favorable responsive bid from a responsible certified small business if the bid of the small business does not exceed the most favorable responsive bid received from a responsible bidder who is not a small business by:

- (1) more than 5 percent;
- (2) more than 7% for a veteran-owned small business;
- (3) more than 8% for a disabled-veteran-owned small business; or
- (4) the percentage otherwise identified in the solicitation as the small business preference.

In 1978,  
Maryland's General Assembly  
(<https://mgaleg.maryland.gov/mgawebsite/>) enacted  
legislation creating the  
Minority Business Enterprise  
(MBE) Program  
48 Years Old

The MBE Program was  
created to ensure that  
socially- and economically-  
disadvantaged small business  
owners are included in the

# MBE Certification Process

- The Office of Minority Business Enterprise (OMBE), part of the Department of Social and Economic Mobility (DoSEM), is the agency designated to certify, recertify, and decertify MBEs
- Certification procedures, including procedures for recertification and decertification, are defined in State regulations

**COMAR 21.11.03.15**

# MBE Certification Process

- Small, minority- and women-owned firms will need to meet key eligibility standards, specifically:
  - ✓ Minority status
  - ✓ Ownership
  - ✓ Control
  - ✓ Size and,
  - ✓ Personal net worth of the minority owner(s) of for-profit entities

# MBE Certification Process

- Contractors can learn more about certification on MDOT's website: <https://www.mdot.maryland.gov/tso/pages/index.aspx?pageid=91>
- Applicants can attend OMBE's Application Assistance Workshop for additional support: <https://www.mdot.maryland.gov/tso/pages/index.aspx?pageid=94>

# Important Notice to Out-of-State Firms

- Firms headquartered outside of Maryland must be certified by a governmental agency in your home state before applying for certification in Maryland.
- Out-of-State firms may also need to meet other requirements in order to do business in Maryland, such as being registered and in good standing with the [Maryland Department of Assessments and Taxation](#).

Certified & Ready:

How to Navigate and Maximize the  
MBE Program

# — A Great Reason to Subcontract in the MBE Program

**In FY2024  
Maryland Awarded \$2.2  
Billion in contracts to  
Certified MBE firms**

# Subcontractor vs Prime Contractor?

- Maryland awards procurement contracts
  - ✓ Directly to prime contractors
- This means that the States only legal contractual relationship is with the prime contractor and NOT the subcontractor

# Subcontractor vs Prime Contractor?

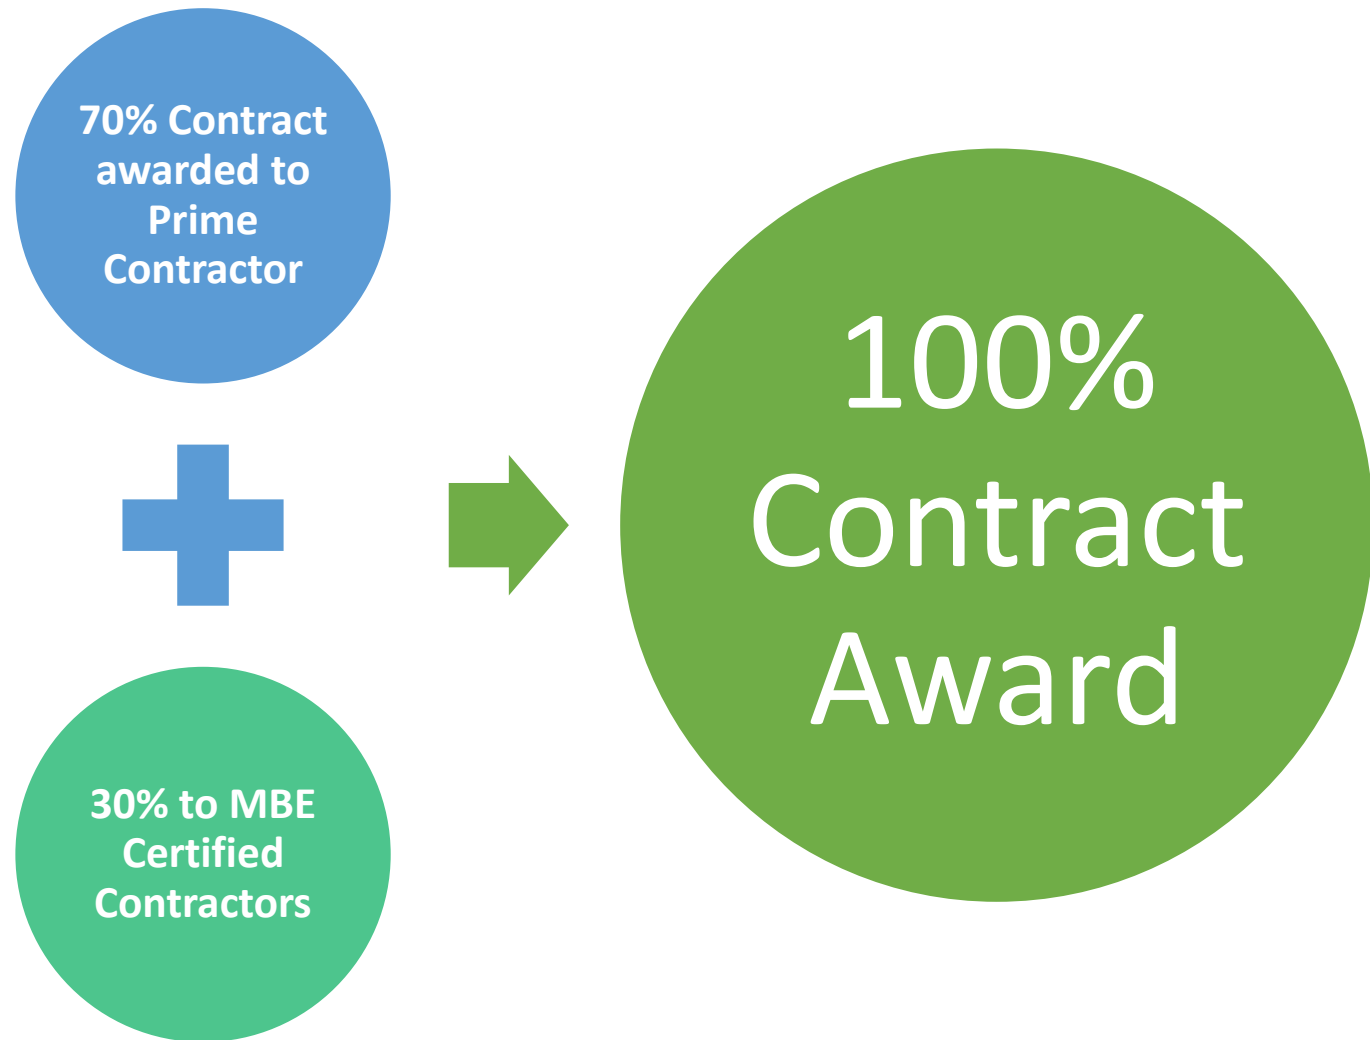

- The Subcontractor only has a legal relationship with the prime contractor, not the state
- Payment to the subcontractor will come from the prime contractor, not the state

# Benefits of MBE Certification

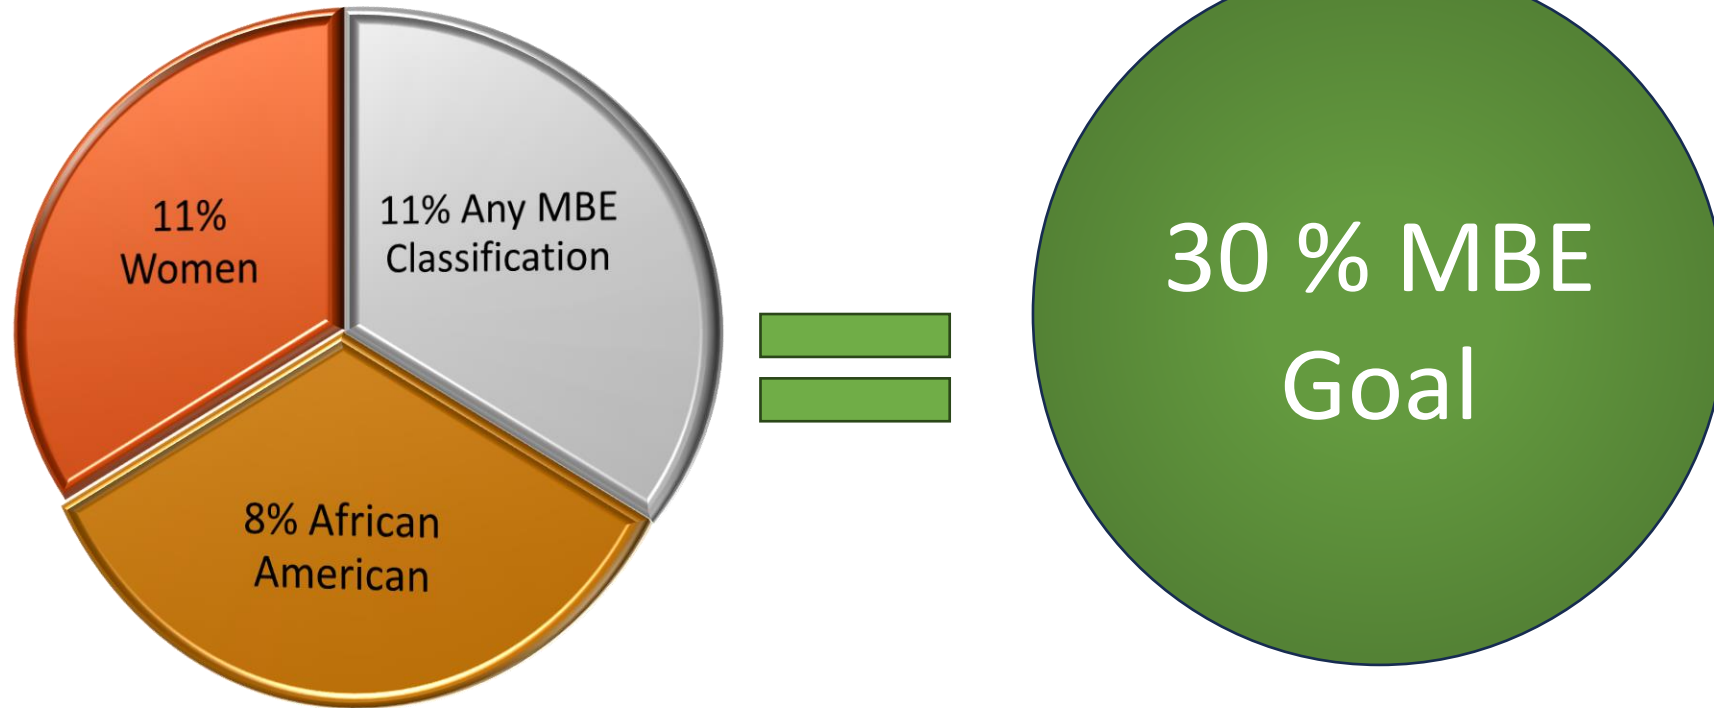

- ✓ Only MBE-certified firms can fulfill the MBE participation goals / subgoals established on State-funded contracts
- ✓ MBE-certified firms, like any other firm, can also perform as a prime contractor
  - ✓ MBE Firms performing as a prime contractor can self-perform up to 50% of any MBE goal and 100% of only 1 subgoal

# Contract Award Example

**Contract Award Example:** A \$2 million construction contract has a 30% MBE goal, \$600,000 must be awarded to certified MBE firms.

# MBE Subgoal Example

**Subgoal Example:** a construction contract has a 30% MBE goal, with subgoals of 8% African American and 11% Women; the remaining 11% could be fulfilled with any of the subgroups

## Please Note:

---

- **COMAR 21.11.03.12-1** which deals with Counting Minority Business Enterprise Participation
  - This allows the work of a certified woman-owned MBE, who is also a member of an ethnic group, to possibly be counted under both classifications on a contract.

# Important to Remember...

Your firm must be fully MBE certified and not in “pending” status to fulfill the MBE subgoals on a contract.

If a prime contractor approaches your firm to fulfill subgoals, you can only fulfill the subgoals in the racial or ethnic groups for which you are certified by OMBE.

# Benefits of MBE Certification

MBE Subcontractor Essentials: Rights, Responsibilities and Resources

# Appointment of the MBE Ombudsman

Established through legislation and outlined in State and Government Articles §9–303.3, the [MBE Ombudsman](#) unit officially started during the Moore-Miller administration, in January 2024.

## **The Ombudsman will:**

- ✓ Develop policies and guidance to assist agencies in implementing the MBE Program
- ✓ Conduct trainings for state agency personnel on enforcement of the requirements of current MBE laws and regulations.
- ✓ Work with prime contractors, MBEs, and state agencies to resolve issues that arise during contract performance
- ✓ Conduct training for prime contractors as well as MBEs performing in the prime and/or subcontracting role
- ✓ Oversee data collection of documented nonperformance by prime contractors
- ✓ Additionally, it was the desire of Governor Moore that the Ombudsman provide extra support to assist small and minority business owners in navigating state procurement

GOVERNOR'S OFFICE OF  
SMALL, MINORITY & WOMEN  
BUSINESS AFFAIRS

# MBE Ombudsman Unit

Serves as an internal resource across the 70+ agencies and departments engaged in the MBE Program

Serves as an external resource to certified MBEs, prime contractors, legislators, and stakeholder organizations

Ensures MBE Program implementation and compliance during contract performance to effect better outcomes

# MBE Subcontractor Rights & Responsibilities

## 1. **Speak Up Early**

- Protect your company's interest
  - ✓ Ask questions if you do not understand any of the requirements for the scope of work you agree to
  - ✓ Make sure you understand when and how your company will be utilized
  - ✓ If your company is not used in the manner or within the timeframe that you expected, begin to inquire with the prime contractor right away

# MBE Subcontractor Rights & Responsibilities

## 2. **Get It in Writing**

- If your firm is participating as an MBE subcontractor, you will be expected to sign an MBE Subcontractor Participation Certification
- MBE Forms issued by the State are submitted by prime contractors with the bid and after notification of intent to award, BUT do not govern the relationship between the prime and MBE subcontractors
- MBE subcontractors should craft an independent contracting agreement with the prime

# Subcontractor Agreement

Subcontractor Agreements are now a requirement within  
**COMAR 21.11.03.10:**

(2) An MBE subcontractor project participation statement shall be furnished, signed by the bidder or offeror and each MBE listed in the MBE participation schedule, which includes:

(a) A **statement of intent** to enter into a subcontract agreement between the apparent successful bidder or offeror and each proposed MBE subcontractor at the time the State contract is awarded to the apparent successful bidder or offeror;

(b) A **copy of each subcontract agreement** between the apparent successful bidder or offeror and each proposed MBE subcontractor, that the apparent successful bidder or offeror and each proposed MBE subcontractor intend to enter into contingent upon the State's contract award to the apparent successful bidder or offeror, containing all necessary terms, including pricing, required for the MBE to perform its proposed work and for the apparent successful bidder or offeror to pay the MBE for its work during the contract term;

# Subcontractor Agreement

A Subcontractor Agreement is a contract or agreement to perform work or provide material for a specific contract, initiated between a prime contractor and a subcontractor.

- Prime contractors may choose several subcontractors to work on a single contract
- Each subcontractor should have their own agreement with the prime contractor

# Subcontractor Agreement

## Reasons to have a Subcontractor Agreement:

1. Subcontractor agreements include critical project details like what work will be completed, a milestone schedule for when each part of the work will be done, and payment information.
2. With a sound subcontractor agreement, a company and subcontractors can legally protect themselves if obligations are not met from either party.
3. If a company doesn't have a legally binding contract for workers they hire, then they can be liable for the subcontractor's work, like property damage or missed deadlines.
4. It's good practice to always have a contract drafted up as it will save you money and time if a problem were to ever arise or there was a breach of contract.

# Subcontractor Agreement

## Parts of a Subcontractor Agreement

Subcontractor agreements can take many forms and should be customized for each individual contract and business. Agreements may be initiated by the Prime Contractor or the Subcontractor. If all terms are included and agreed upon, that is fine. Both parties should keep a copy of this agreement. Some items included could be:

Scope of Work	Duration of Work	Payment and Billing	Non-Disclosure
Non-Compete Clause (With a defined duration)	Insurance	Prohibition of Assignment <i>or</i> Specifics of Sub-Tier Subcontractors	Termination or Modification
Promises and Warranties	Arbitration	Indemnity	Entirety of Agreement

# MBE Forms

# Maximizing Opportunities

- Solicitations between \$50,000 and \$1,000,000 as Small Business Reserve (SBR) Designated contracts.
- In order to maximize your opportunities as a state contractor, we are advising all eligible firms to complete the small business certification in eMMA for inclusion in the SBR Program
  - ✓ Certification can be obtained quickly, possibly same day
  - ✓ You will be able to bid as a prime contractor on SBR designated procurements

# Small Business Certification

- Only a vendor that is a certified small business can be awarded a Small Business Reserve (SBR) Designated Contract
- Businesses do not have to be certified small businesses when they bid on a contract but must be certified before award
- Eligibility Standards are located on our website: <https://gomdsmallbiz.maryland.gov/Pages/sbr-Program.aspx>

# Subcontractor Best Practices

- Once you identify agencies that purchase what you sell, you will want to:
  - ✓ Maintain relationships with prime contractors
  - ✓ Stay in contact with MBE liaisons
  - ✓ Regularly visit agency specific websites, if solicitations are usually listed there

# Subcontractor Best Practices

- Always attend Pre-bid Conferences
  - ✓ Procurement Staff can answer questions about solicitations with MBE goals
  - ✓ Procurement staff or liaisons review required MBE forms to be filled out/signed by both prime contractors and MBE subcontractors
  - ✓ You will be able to meet procurement staff and prime contractors

# Subcontractor Best Practices

- Attend outreach events sponsored by the agencies that purchase what you sell
- Do not hesitate to reach out to the MBE liaison if you have questions or issues during the bidding process
