FY2023 Procurement Forecast Template

Distributed March 31, 2022

Submission of the completed Procurement Forecast Template satisfies the Governor’s Office of Small, Minority & Women Business Affairs request for a procurement forecast pursuant to COMAR 21.11.03.17 and 21.11.01.06

All agencies are required to submit the FY2023 Procurement Forecast and Attestation Signatures. The FY2023 Procurement Forecast report must include all new procurement contracts (including sole source and task orders) reasonably expected to be $100,000 or more. Agencies only need to submit one report with all projected procurements, including SBR designated procurements and those with MBE and VSBE goals.

Please note that the data provided will be available to the public in a searchable format on our website. The Procurement Forecast is one of the most active pages on our website and is used throughout the year by small, minority, women, and veteran- owned businesses that are interested in state procurement opportunities.

All participating agencies are required to submit their FY2023 Procurement Forecast in EXCEL FORMAT no later than June 30, 2022, via email to compliance.gosba@maryland.gov. The submission should include:

- The detailed FY2023 Procurement Forecast spreadsheet in Excel format
- The signed attestation in pdf format

NOTE: These worksheet templates are protected. Fields A, C, F, G, I, J, K and L have fixed drop-down menus. All highlighted fields are required fields. Please complete as many fields as possible.
**FY2023 Procurement Forecast**

All solicitations and contracts (both recurring and new for both state- and federally funded contracts) of $100,000 or higher that are anticipated to be advertised or awarded during FY2023 should be included in the report. The forecast shall include task orders under master contracts and sole source contracts. *Small businesses are often looking for contracts below $100,000. You are strongly encouraged to include contracts below the $100,000 threshold whenever possible.*

**Attestation Signatures**

Electronic signatures are acceptable. Signed attestation page is to be submitted in pdf format.
