PROJECT OPPORTUNITY

Veteran-Owned Small Business Enterprise (VSBE) Program

Overview

Maryland's VSBE Program provides contracting opportunities on state-funded procurements for qualified veteran-owned small businesses. Designated agencies and departments are directed to spend at least 1% of the dollar value of their procurement contracts with certified VSBE firms.

Only the work of a certified VSBE firm, performing as either a prime contractor or a subcontractor, can be counted toward an established VSBE contract goal. There is no cost to obtain certification, and once certified, firms must renew annually.

The number of certified vendors in the VSBE Program, and the diversity of products and services they provide, makes a big impact on how VSBE goals are set on a contract. Increasing the VSBE vendor pool will ultimately lead to increased VSBE goals on state-funded contracts.

VETS FIRST VERIFICATION PROGRAM

The Vets First Verification Program affords verified firms owned and controlled by Veterans and Service-disabled Veterans the opportunity to compete for VA set asides.

OVERVIEW

The Veterans Benefits, Health Care, and Information Technology Act of 2006 (Public Law 109-461) provides the U.S. Department of Veterans Affairs (VA) with unique authority for Service-Disabled Veteran-Owned Small Business (SDVOSB) and Veteran-Owned Small Business (VOSB) set-aside and sole source contracts.

This procurement authority, and its subsequent implementation, is a logical extension of VA's mission to care for our Nation's Veterans. VA refers to this program as the Veterans First Contracting Program.

Remember, this is a public search tool to help identify potential VSBE vendors. The search will yield both certified and non-certified vendors.

VSBE Vendor Search

Please note the following when conducting an eMMA Vendor Search:

- It can be used to seek potential VSBE vendors for solicitations.
- This public search function should not be used to verify the VSBE certification status of a vendor when preparing to make an award.
- You are unable to download a spreadsheet of vendors when conducting this search. However, you can "cut and paste" the information in an Excel Spreadsheet.

Verification of Certified VSBE Vendors

The screenshot shows the eMMA (eMarketplace Management and Administration) interface. At the top, there is a navigation bar with the eMMA logo and tabs for Vendors, Sourcing, Contracts, Analytics, and Admin. The 'Vendors' tab is highlighted with a blue circle. Below the navigation bar, there is a 'Browse Vendors' link, also circled in blue. To the right of this link is a search bar. Below the search bar, there is a 'Keywords' search box, which is also circled in blue. To the left of the 'Keywords' search box, there is a 'Procurement Programs' section with three checkboxes: 'SBR Vendor', 'ACDBE Vendor', and 'VSBE Vendor'. The 'VSBE Vendor' checkbox is checked and circled in blue. Below the 'Keywords' search box, there is a 'Filters' section with 'Level: Entity' and 'VSBE Vendor: ✓'. To the right of the 'Keywords' search box, there is an 'Alerts' dropdown menu and a 'Commodity' dropdown menu. To the right of the 'Commodity' dropdown menu, there is a 'My Commodities' checkbox and a 'Search' button.

eMMA should be used to verify the certification status of VSBE vendors prior to award of solicitations, as the vendor account has the most accurate information.

Sign into eMMA to perform this verification.

Verification of Certified VSBE Vendors

The screenshot shows a vendor account dashboard. On the left is a sidebar with navigation links: Supplier Overview, Company Information, Contacts, **Credentials** (highlighted with a red dashed box), Qualifications, Activity, and Workflow. The main content area has a top bar with buttons: Save & Close, Save, Start On-Boarding, and Create RFI. Below this are two sections: 'Legal Documents' with an 'Add legal documents' button and '0 Result(s)', and 'Certifications' with an 'Add certifications' button. The 'Certifications' section contains a table with one row of data. The table has columns: Type, Status, Effective Date, Expiration Date, and Valid. The data row shows 'VSBE Application' as the Type, 'Approved' with a green checkmark as the Status, '4/11/2021' as the Effective Date, '4/11/2022' as the Expiration Date, and a green dot as the Valid status. The entire table row is highlighted with a red box.

| Type | Status | Effective Date | Expiration Date | Valid |
|------------------|----------|----------------|-----------------|-------|
| VSBE Application | Approved | 4/11/2021 | 4/11/2022 | Valid |

To determine the VSBE certification status, click into the “Credentials” section of the vendor’s account. If the “Certifications” section has a VSBE Application with an approved “Status,” a valid “Expiration Date” (i.e. date has not exceeded/certification not expired with a one-year certification) and green dot (Valid) listed, the vendor is certified within the VSBE Program.

Verification of Certified VSBE Vendors

The screenshot shows the eMMA (eMaryland Marketplace Advantage) interface for managing vendors. The vendor profile is for SUP024243 - Barnes-Magee Consulting, LLC (Registered). The interface includes a sidebar with navigation options like Supplier Overview, Company Information, Contacts, Credentials, Qualifications, Activity, and Workflow. The main content area displays various certification programs. The 'Procurement Programs' section includes 'State Programs' and 'Federal Programs'. The 'State Programs' section has a table with columns for Existing SBR Vendor, Apply for the SBR Program, SBR Certification #, SBR Effective Date, SBR Expiration Date, and SBR Application Status. The 'Existing VSBE Vendor?' section shows a 'VSBE Certification #' of 000000000 and a 'VSBE Application Status' of Approval in progress. The 'Existing MBE Vendor' section shows a checkbox for 'MBE Vendor' which is unchecked. The 'Federal Programs' section shows a checkbox for 'Existing DBE Vendor?' which is unchecked. The bottom of the page includes a footer with links like Page, Missing texts, Update texts, \$, V, Site map, Legal mentions, and eMaryland Marketplace Advantage (eMMA) v1.2.

In this example, the “VSBE Application Status” states *Approval in progress* and “VSBE Certification #” is not valid. This vendor is not certified.

As mentioned on the prior slide, this vendor is not certified. However, note that the “VSBE Vendor” box is checked.

This automatically happens when any “VSBE Certification #” is entered/saved in the system, regardless of VSBE certification status.

This is a flaw in the system that we are working to correct.

This results in the non-certified (and certified) vendors being listed on the public/external “Vendor Search” results.

Verification of Certified VSBE Vendors

Please note the following when conducting an eMMA Vendor Search after logging into eMMA:

- Be certain to review the information thoroughly (i.e. check that the “Credentials” section has a VSBE Application with an approved “Status”, valid “Expiration Date” (i.e. date has not exceeded/certification not expired with a one-year certification) and green dot (Valid) listed).
- You are able to download an excel spreadsheet for these vendors. However, you will need to check the vendor accounts to verify their VSBE certification.
- We are continuing to enhance the VSBE Vendor Database, if you have any questions, please contact our office, 410-697-9600, to speak with Tanita Johnson.
