ANSWERS News and Updates

4/27/2022

NOTICE: ANSWERS Data is refreshed/loaded each weekend from ADPICS.

1/26/2022

Welcome to the all new ANSWERS system! Watch this space for news and announcements regarding improvements and availability of new reports. Please make your selections from the menu options at left.

We've made many changes to the ANSWERS system since the last update. We are working to constantly improve and make this a useful tool for all of you. We've implemented the following enhancements during this time frame:

- Complete redesign and rewrite to make ANSWERS more readable and user friendly.
- Report security now looks at your mainframe security (ie DETADS)

2. MBE_USER logon is no longer valid. You will need to use your Mainframe email to sign Up to ANSWERS. Verify your email address listed on the RSTARS 96C screen is correct. Your permissions will be transferred from R*STARS to give you access to reports and agencies. ADPICS reports will remain publicly available. Click 'Create Your Account' to set up your username and password. Once completed, the user is taken to the ANSWERS home screen. See below-

Sign In

For registered users you can enter your Sign In credentials below.
If you have already linked your account, you can use the connect.md.gov to the right.
